Abloy Security provides a full range of locking product solutions designed to satisfy customers' most demanding applications.

Why ASSA® ?

▶ Security

▶ Flexibility

▶ Durability

▶ Reliability

Security

- ▶ Master key program, key codes and key duplication are highly controlled
- ▶ Cam locks constructed of solid brass and feature heavy duty cam assemblies
- ▶ The **ASSA**[®] deadbolt function eliminates tampering that can occur with less effective systems
- ▶ Protects against liabilities arising from personal property theft
- ▶ Removable cylinder option available
- ▶ Even higher levels of security are available with upgrade to **ASSA**[®] *Desmo* cam locks

Flexibility

- ▶ All **ASSA**® Club Series locks are available with fixed or removable cylinders
- ▶ Fixed cylinders are available with a master key, allowing rapid access to locks
- ▶ Should keys be lost or stolen, removable cylinders provide fast and easy access to locks and quickly renew security
- ▶ Removable cores are an additional option available with **ASSA**® locking systems
- ▶ For convenience, **ASSA**® cam locks, card and coin Locks may be operated by the same master key
- ▶ The **ASSA**® system can retrofit into your facility's lockers

Durability

- ▶ **ASSA**® cam locks are designed and built for durability; offering long-lasting performance and ease of use
- ▶ Creates hassle-free and secure experiences for your members with each visit
- ▶ Durability and performance of **ASSA**® products is unmatched in design quality and manufacturing
- ▶ Product reliability has been established through world-wide patents and ISO-9001 quality standards certification

Reliability

- ▶ Whether using card or coin locks, customers have quick and easy access to lockers
- ▶ Provides peace of mind to customers
- ▶ Inter-changeable cylinder option provides fast and easy locker entry and security renewal
- ▶ Durable locks provide long lasting performance and ease of use

ASSA® Club Series Card Locks

- ▶ Club members can enjoy the convenience of selecting any available locker, then use their personal membership card to secure their belongings
- ▶ Once they return the locker key to its open position, they can retrieve their membership card
- ▶ Locks are available for both right and left hand locker doors

ASSA® Club Series Cassette Locks

- ▶ Accepts both cards and tickets
- ▶ Several different card codes are available, enabling customer zoning management
- ▶ Locks are available for both right and left hand locker doors

ASSA® Club Series Coin Locks

- ▶ Can be set to function with either coins or tokens
- ▶ Coins can be retained in a heavy duty coin box or returned after use
- ▶ Inter-changeable cylinders can be removed if keys are lost or stolen
- ▶ Locks are available for both right and left hand doors

Lock Features

- ▶ Lock cylinders come in two lengths for doors less than $\frac{3}{4}$ " thick and doors more than $\frac{3}{4}$ "
- ▶ Inter-changeable lock cylinders can be removed with a management key, for re-keying purposes
- ▶ Locks can be either left or right handed
- ▶ All lock cylinders can be keyed differently and master-keyed

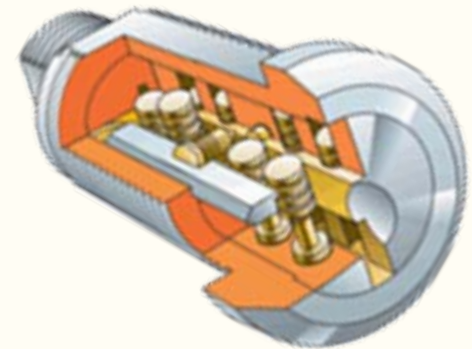

ASSA® *Desmo* Cam Locks

- ▶ Available with removable core
- ▶ Strongest key in the market, backed by a Lifetime Key Breakage Warranty
- ▶ Cam locks available with key removable in both locked and unlocked position
- ▶ Locks can function either left or right handed with 90 or 180 degree turn
- ▶ Factory controlled key blanks for maximum key duplication control

ASSA® *Desmo* Design

- ▶ Patented lock design with drive pins, negates the need for springs which break and cause malfunction
- ▶ Double side bar locking design maximizes pick resistance and physical security

ASSA® Club Series Locker Hasps

- ▶ Chrome-plated zinc padlock hasp designed for padlocks with up to 6mm shackles
- ▶ Black covered locker hasp designed for padlocks with up to 8mm shackles
- ▶ Available in right handed or left handed

The Logical Choice for your Security:

- ✓ Maximum Security Solutions
 - ✓ Maximum ROI
- ✓ Maximum System Flexibility
- ✓ Maximum Management Control
